🏠 Brussels

☎ +32 456 22 55 74

Graduated in Computer Science from ULB with high honors, I've been passionate about programming since I was 14. Through projects like Rentizy, a real estate management MVP I co-developed with three teammates, I learned to translate user needs into clear technical specifications. After my master's, I spent eight months travelling across Latin America while continuing to coordinate development and refine requirements. I stepped away from the project during the trip to fully enjoy it.

### EDUCATION

#### Université libre de Bruxelles |

Brussels, Belgium, and Montreal, Canada

#### Master in Computer Science

From September 2022 to September 2024

#### Université libre de Bruxelles | Brussels, Belgium

#### Bachelor in Computer Science

From September 2019 to September 2022

### WORK EXPERIENCE

#### Rentizy | Brussels, Belgium

#### Full-Stack Developer & Functional Analyst

From October 2023 to January 2025

- Co-founded a real estate startup (team of 4) and led full-stack development (Django, JS, Tailwindcss, SQL, Azure)
- Designed user flows, use cases and wireframes to guide development, did Agile development and regular short calls

#### ULB - Faculté des Sciences | Brussels, Belgium

#### Developer & Researcher

From September 2023 to September 2024

- Designed, developed, and maintained a second-hand syllabus resale platform for ULB students
- Created visuals and promoted the platform
- Conducted user testing and iterations to optimize usability and adoption.

#### Collaborative Meal Planning Software | Brussels, Belgium

#### Java Developer From October 2021 to May 2022

- Developed a collaborative meal planning and grocery management app in Java
- Designed the system using UML and user stories, with an Agile development approach.

### LANGUAGES

#### French

C2 : Daily use

#### Spanish

C1: Native language

#### English

C1 : Good working proficiency, academic background

#### Dutch

A2 : Basic knowledge

### PROGRAMMING LANGUAGES

#### Programming

C, C++, Java, C#, Python, Linux  
Bash, ASM

#### Web Development

Django, React.js, Node, JavaScript,  
HTML, CSS, PHP

#### Databases

SQL, NoSQL, Neo4J, SparkSQL,  
Azure

### SKILLS

#### Methods & Tools

UML, Cucumber, Tests, Agile  
(Scrum), LaTeX, Git, Flgma

#### Graphic Design

Photoshop, Illustrator, Canva

### INTERESTS

IT project development, Visual  
design (posters, web interfaces),  
Backpacking trip, Cooking
