Graduated in Computer Science from ULB with high honors, I've been passionate about software engineering and automation since I was 14. While working on full-stack projects, I discovered a strong interest in the DevOps mindset, building tools that automate processes, and make systems more reliable. I've started using CI/CD, Docker, and cloud services, and I'm now actively developing my skills to contribute as a junior DevOps engineer.

EDUCATION

Université libre de Bruxelles |
Brussels, Belgium, and Montreal, Canada
Master in Computer Science
From September 2022 to September 2024

Université libre de Bruxelles | Brussels, Belgium
Bachelor in Computer Science
From September 2019 to September 2022

WORK EXPERIENCE

Rentizy | Brussels, Belgium
Full-Stack Developer From October 2023 to January 2025

- Co-founded a real estate startup (team of 4) and led full-stack development (Django, JS, Tailwindcss, SQL, Azure)
- Set up CI/CD pipelines with GitHub Actions to automate testing, build and deployment
- Containerized the application with Docker for local development and testing

ULB - Faculté des Sciences | Brussels, Belgium
Developer & Researcher
From September 2023 to September 2024

- Designed, developed, and maintained a second-hand syllabus resale platform for ULB students
- Maintained code quality through Git workflows and automated tasks (basic Bash scripts)

Collaborative Meal Planning Software | Brussels, Belgium
Java Developer From October 2021 to May 2022

- Developed a collaborative meal planning and grocery management app in Java
- Worked in Agile/SCRUM team simulating company environment
- Participated in code reviews and iterations inspired by DevOps culture

LANGUAGES

French
C2 : Daily use

Spanish
C1: Native language

English
C1 : Good working proficiency, academic background

Dutch
A2 : Basic knowledge

SKILLS

DevOps Tools
GitHub Actions, Docker, Bash scripting, Azure (basic)

Workflow & Collaboration
Agile (Scrum), Git, CI/CD, LaTeX, UML

PROGRAMMING LANGUAGES

Programming
C, C++, Java, C#, Python, Linux Bash, ASM

Web Development
Django, React.js, Node, JavaScript, HTML, CSS, PHP

Databases
SQL, NoSQL, Neo4J, SparkSQL, Azure

INTERESTS

IT project development, Visual design (posters, web interfaces), Backpacking trip, Cooking
